

# Original Mo's®

657 S.W. Bay Blvd., Newport, Oregon  
(541) 265-2979 - [www.moschowder.com](http://www.moschowder.com)

A restaurant started 56 years ago brings you Mo's proud tradition of the best and freshest Oregon seafoods... unique, informal and friendly style at modest prices! Whether you want a complete seafood lunch or dinner... or just stopping by for homebaked desserts, the welcome mat is always out at Mo's! Visit us soon... and visit us often... the friendliest place to meet and greet your friends.

The combination of Mo Niemi's warm hospitable personality and many unforgettable events gave the "little joint on the waterfront" its unique charm. Early one morning a woman returned to her car parked outside the restaurant, put it in drive instead of reverse, and crashed through the front of the cafe. Mo, far from disgruntled, put her arm comfortingly around the woman and said, "Well, we'll just put in a garage door so you can drive in anytime you want."

Since the early days, the atmosphere of Mo's has remained unchanged. Only the two stories of chowder factory, packing and shipping facilities added to the rear give a hint to the widespread popularity and demand for Mo's Clam Chowder. The Chowder Room produces about 500,000 pounds of clam chowder a year, some packaged and shipped to grocery stores and the rest delivered fresh to all the Mo's restaurants.

The summer of 1968 also earmarked the opening of Mo's Annex, sister to the Original Mo's, across the street & over looking Yaquina Bay. Four years later, in 1972, Mo's West opened at Devil's Punchbowl in Otter Rock.

In the late seventies and early eighties, Mo's expanded to Lincoln City overlooking Siletz Bay; Florence on the Siuslaw River and Cannon Beach with its ocean vista. Mo's supports the local economy. Every year we purchase 60,000 lbs. of fish and shrimp from neighboring businesses. Our oysters are harvested from Yaquina Bay and are world famous for their taste.

Mo's supports the community with donations to public schools, Fisherman's Wives, the Oregon Coast Council for the Arts and the Newport Public Library, just to name a few.

Mo's, under the leadership of owner and General Manager Cindy McEntee, is an ecologically committed company. We recycle all plastic, tin, cardboard and glass. We also participate in the Oregon Adopt-A-Highway Program, to keep our local roads clean. A two mile portion of Highway 20 and a two mile portion of Highway 101 are cleaned regularly by our employees.
